**Pick Up by: June 2, 2018.** Advance orders may be picked up as early as April 7.

### *Organic Mechanics® Biochar Blend*

Biochar is a fine-grained, highly porous charcoal that improves soil structure and boosts fertility. Biochar's many pores provide a home for microorganisms, beneficial bacteria and mycorrhizal fungi, bringing your soil to life.

Biochar Blend Components:  
Compost and worm castings add beneficial biology  
Alfalfa meal and kelp meal add valuable nutrients  
Bone Char adds necessary phosphorous and calcium  
Zeolite and Azomite are minerals that nourish microbes and plant roots

**1 cu. ft.** (Treats 24 sq. ft. of garden soil)
